Cincinnati Female Seminary,—The annual exhibition of the Cincinnati Female Seminary, took place last evening in the Chapel of the Institute, corner of Seventh and Mound. It was very largely attended, and passed off quite creditably to both the faculty and pupils.

Notice.—We feel that an apology is due our patrons in the district south of Thirdstreet, and between Main and Vine, for the lateness of the hour at which they received the Parss yesterday. It was caused by the illness of the carrier, but we have succeeded in making such arrangements as will insure promptness for the future.

FIRE YESTERDAY MORNING.—The residence of M. D. Potter, located at No. 137 Central-avenue, caught fire yesterday forencon, about eleven o'clock, but was extinguished without any material damage. CUTTING AFFRAY IN CLAY-STREET.—A difficulty occurred night before last on Claystreet, between Twelfth and Thirteenth, between Peter Redchurch,—Sherman, Fred Verwald, and Martin Albert, during which the latter received a couple of severe wounds in the back, from a kuife, which he alleges was in the hands of Verwald. The entire party was arrested, and taken before Judge Lowe, yesterday morning, when Verwald was held in \$1,000 ball for malicious stabbing, and the others in \$100 each, for disorderly conduct, to answer the charge next Thursday.

So elsted was he by his exploit that he became very drunk, and, in company with Joseph Stephens, assaulted a woman some place on Sycamore-street. DASTARDLY OUTRAGE-THE NEW DROP-CUR DASTARDLY OUTRAGE—THE NEW DROF-CURTAIN AT THE OPERA-HOUSE CUT TO PIECES.—
The new drop-curtain at the Opera-house, upon which Mr. William Porter, the scenic artist of the establishment, had expended two months' labor, was cut almost to pleces sometime during Saturday night or Sunday. It was forty-two feet in hight by fifty-two in width, and much the most elaborate work of the kind we ever saw. It was admirably drawn and promised, when completed, to excel the splendid drop at the Academy of Music in New York.

The scoundrels were evidently well ac'

Music in New York.

The scoundrels were evidently well ac' quainted with the building, for they burst open the door of the artist's room and cut a gash across the center of the curtain, which measured, including the curves, sixty-five feet in lungth. They also stained the canvass with water, and with brushes daubed it in several places with paint.

Of course the curtain is now entirely useless, and will cause a loss to Mr. Pike of at least \$500. The labor of the artist is also entirely lost; for it cas—not be turned to any account. The drop could not be used even were it finished, and it would be a waste of time and talent to attempt to repair it. It is difficult to imagine who the scoundrels were, and as they left no traces by which they could be discovered, it is quite likely they will go unpunished.

John Mitchel's Lecture

John Mitchel's Lecture.

The Melodeon, last evening, on the occasion of Mr. Mitchel's lecture, on "The Agony of Europe," was well filled, mostly by countrymen of the lecturer. The lecture was a well-digested production, temperate in its language, delivered with an easy and unpretending elocution, and without any attempt at sensationalism or the higher flights of oratory. The generalization of the present state of political affairs on the European Continent, was from the Celtic point of view. The speaker did not profess to be impartial, He saw symptoms of future uprisings of the people against the crowns and oligarchies, which are their oppressors, and he gloried in the hope that sooner or later popular emancipation would be the result.

Mr. Mitchel presents Louis Napoleon as the most important and influential character upon the European stage—acting at this time not upon any original suggestion of his own; but in conformity with ideas transmitted to him from the first Napoleon, which he deems it his duty, as it is his inclination to develop and enforce. France under him, has a mission to need on the course of the country of the restorm toward other entires. She

him from the first Napoleon, which he deems it his duty, as it is his inclination to develop and enforce. France under him, has a mission to perform toward other nations. She is the representative of popular rights of self-government, and, as such, is regarded with enmity, by the governing classes, the crowned heads and the aristocracies. To these she is inimical; but not to the people.

It is for her interest and her inclination to be peaceful; and so she always has been, until drawn into wars by the arrogance of other powers. Provoked, it is her destiny to overthrow governments, and emancipate the people. The people have therefore an actual interest in her successes. Napoleon will provoke no war with England, and yet war will ensue. British arrogance in laying claim to the dominion of the sea, and to the exclusive right of colonization, and her jealousy of those pretended rights, will be the occasion of hostilities.

The extent to which these hostilities will spread can not be predicted; but all Europe is ripe for revolution. Austria is tottering. Hungary, Croatia, Italy, need but the signal to rise in vindication of their suppressed nationalities. Ireland is in an equally promising condition, and out of the agony of Europe there are hopes of ultimate peace, freedom and happiness.

Meeting of the Park Commissioners held a meeting yesterday, at the office of W. P. Huriburt, and a code of by-laws, reported by Mr. Reemelin, was unanimously adopted.

A communication, containing all the resolutions of the City Council heretofore passed, having reference to the Washington Park, was received from the Board of City Commissioners.

A proposition was received from the Wade heirs, offering to permit the removal of their family vault, on condition that a lot three times as large as the one now owned be purchased for them in the Spring Grove Cometery provided further, if the city will agree to bear all the expenses incurred. Resolutions were passed providing for the appointment of a Superintendent, to any salaried office which it is proposed to establish; directing the City Engineer to make an instrumental survey and profile of the Washington Park, with a view of obtaining a landscape view, and proposals for the arrangement of the trees; and, also, asking Council to confer police power upon the employes engaged in working about the Park. It was likewise agreed that all moneys shall be drawn by an Auditor's warrant, directly upon the City Treasurer.

The Board will meet again to-day.

The men who were so severely injured in a cutting affray, on Sunday night, near the corner of Second and Smith-streets, the announcement of which has already been made, are still suffering severely from their wounds, with but little prospect of recovery.

EXHIBITION OF HERBON'S SEMINARY,—The thirty-second semi-annual exhibition of Herron's Seminary came off last night at Smith & Nixon's Hall. The audience was quite large, and the performance very clever of the kind.

CRIMINAL SIDE.—Francis Young entered a plea of guilty to an indictment charging him with stealing a horse in Storrs Township. Judge Mallon sentenced him for the term of three years to imprisonment in the penitentiary.

The State es. P. Schneider, for malicious stabbing. The jury disagreed, and were discharged. It was stated they stood eleven for acquittal and one for conviction.]

The State es. August Ferber. The prisoner was placed on trial before Judge Mallon and a jury, charged with adultery, committed with a married woman named Gerling. The offense was alleged to have taken place in a house on Ludlow-street. A witness testified that the guilty parties went off together to Louisville, taking some \$50 with them which belonged to the husband of the woman. Mrs. Gerling was examined, and positively denied that any thing guilty had taken place between her and the defendant. The Jury found the defendant guilty.

Extensive Fire in Storms Township—Saw-Mill Struck by Lightning and Burnsh to the Ground—Loss \$20,000.—During a heavy thunder-storm that passed over the city last night, about eleven o'clock, a saw-mill belonging to Storer & Malone, and located in Storrs Township, near the Millcreek Bridge, was struck by lightning and burned to the ground.

grew more and more grand until the Western sky, from our sanctum window, looked as if the sun had returned to set at midnight and was going down in aliteral "blaze of glory."

The mill was quite an extensive one, and, as a large lot of lumber adjoining it shared the conflagration, we feel inclined to the belief that the loss can not fall short of \$16,000 or \$20,000. The Fire Department was promptly on the ground, but, in consequence of an inability to procure water, although the rain fell with a force and rapidity scarcely ever equaled, it did not prove very serviceable.

Circuit Court.—The June term of the Circuit Court commenced yesterday, Judge Moore presiding.

H. Bruce, S. H. Stout, J. A. Goodson, Simeon Smith, D. E. Glidden, A. Keith, C. T. Allen, Wesley Higgins, S. W. Baker, C. C. Osborne, G. B. Marshall, H. Blair, J. R. Dodge, Wm. Longman, W. Cleveland, J. T. Eabank, composed the Grand Jury.

The Judge made an able charge to the Grand Jury, calling particular attention to the law against carrying concealed weapons, and to the one imposing a penalty of \$50 upon coffee-house keepers for selling liquor to minors. After the conclusion of the charge, the Jury retired, but up to the time of adjournment, had reported no indictments.

The Commonwealth docket being called, several cases were disposed of, as follows:

Commonwealth against Mary Hays continued and bench warrant issued.

Same against Albert Caldwell, bench warrant issued, and bail increased to \$1,000. Recognizance of Alexander Caldwell, his surety for \$500, forfeited.

Same against Henry Gosemeyer, dismissed. Also against Henry Gosemeyer, dismissed. Same against Oliver Jones, dismissed.

Commonwealth against Moses Leach, for keeping a tippling-house. The defendant was pronounced guilty, and judgment for \$60 entered against him.

August Election.—Both parties appear cautious, and are indisposed to anter vice.

IMPORTANT TO LITIGANTS AND WITNESSES IN THE CIRCUIT COURT.—The Kenton Circuit Court made an order yesterday that no civil Court made an order yesterday that no civil cause in which a jury is necessary, shall be tried at the present term, but that the whole term should be devoted to the trial of equity and criminal causes, and the completion of the pleadings and trial of issues of law in ordinary cases. It will not therefore be necessary for parties and their witnesses in ordinary cases to attend the Court. Judgments will be rendered as usual in all cases where no sufficient defense is filed.

NEWPORT NEWS.

"Uncle Tom's Carin" Destroyed by Firs. The saloon usually known as "Old Tom's," located on the corner of Front and Yorkstreets, was totally destroyed by fire, yesterday morning, between two and three o'clock. The bar was kept by Major Kirtley, and the liquors and fixtures were insured in the sum of \$300, which will nearly cover the loss. On the building, which was the property of Mrs. Harris, there was no insurance, and the damage will amount to about \$500. A dwelling-house belonging to Mrs. Justice, immediately adjoining, took fire several times, but the flames were extinguished before any serious injury was done. The Newport firemen, together with one company from Covington, labored assiduously to extinguish the flames, but they had made too great progress before being discovered, to be checked. The fire is supposed to have been the work of an incendiary. "UNCLE TOM'S CABIN" DESTROYED BY FIRE

The Waggoner Case.—A number of witnesses have already been procured from Clermont County, Ohio, who have known Waggoner from a child, and who are willing to aver that there is no doubt of his freedom. When in Lexington, he stoutly declared to the jail-keeper that he was a free man; and one negro-trader was deterred from purchasing him for this cause. Let his friends exert themselves and they will encounter no farther difficulty. The Messrs. Webster are doing every thing in their power, and ought to be sustained. There are several things connected with the secret history of the sale of Waggoner, that may yet be made public, which will give the affair a darker aspect, even, than it has yet been supposed to possess. [COMMUNICATED.]

Ursar.—The Rewport and Jamestown cumibus was upset restoring afternoon. One of the horses was alightly injured.

To the Reiters of the Daily Press:

Some of your Italian correspondents mentioned last winter the name of a bevy of young American ladies who were studying masic under the celebrated master, Romant, at Florence, and predicted for some of them a brilliant career as singers. Among the names, I recollect those of Miss Greenough, Miss Bodenheimer Miss Field, Miss Chapman, and Miss Fay. pleasure of hearing at a private matinee misscale.

Miss Greenough, who is scarcely yet a woman in age, and possessed of very much more than her share of personal beauty, is certainly a prodigy in music. Have we at last discovered an American prima donna? Garcia and Romani declare the affirmative, and I think it would be difficult to assert the contrary after hearing her. She excels especially in the quality of her voice. Let your musical critics fix the name of this hady and the prediction in their memories, and after another year's study abroad, they will perhaps have an opportunity of hearing in private, in New York, Miss Greenough's marvelous voice. It is only to be regretted that she is not to appear in public.

But two days before the appointed day, the expectant for a few days as a candidate for Mayors and that Marshal McLanghlin will ask the suffrages of the people for his re-election. ANCIENT COIN FOUND IN VIRGINIA .- AD Ancient Coin Found in Virginia.—An English coin, bearing date 1883, and distinctly marked with the name of Queen Elizabeth, was found in the garden of Frederick Cary, near the top of the Blue Ridge at Rockfish Gap, in Virginia. Mr. Cary lives in Augusta County, on the west side of the mountain, and this rare coin was dug up during his gardening operations this spring. Quere—How did it get there? The coin was more than a century and a half old when Gov. Spotswood came into the valley. The imagination is at a loss to conceive how the coin could have been deposited in such a locality. The inscriptions on it are distinct.

FOUR MEN ROBBED AND BRUTALLY MURDERED IN TEXAS.—The bodies of four men were found, a few days since, about nine miles from Austin, on the San Antonio Road. They proved to be Charles Simpson, Harvey and M. A. De Loach, of Anderson County, and Wm. H. Jones, of Mobile, Ala. These men passed through Austin three evenings before, on their way to the Southwest to buy stock. The bodies of the murdered men were found horribly hacked and mutilated, and rifled of every thing valuable. No clue has been found to the perpetrators of the murders.

since, and took lodgings at the residence of
Mr. Oschwald, Catholic Rector, feigned sickness, and Mr. O. kindly took care of him for
several days, until Saturday, when he suddenly left the locality. Shortly after leaving,
it was found that Mr. Oschwald's room was

cash, a gold watch, gold cross, gold fingerring, and other articles, had been taken.

LARGE SPECULATIONS IN TIMBUCTOO,-The Large Speculations in Timbucroo.—The traders from Morocco make periodical excursions to Timbuctoo, about a thousand miles distant in a southernly direction, where they exchange tobacco, salt, daggers, woolen manties, and looking-glasses, for ivory, gold dust, pepper, ostrich feathers, assafelida, indigo, and slaves. The value of the invoices carried by each expedition is estimated at one half million of dollars, while the returns are somewhat over eighteen millions. Rather a profitable business.

Harwitz, the Christ-Player.—Harwitz, the chess-player, has just been playing a match in Mancheater. He played blindfolded against six members of the Bradford Chess Club, the six games proceeding simultaneously. The contest, which began at halfpast seven o'clock, proceeded slowly and cautiously on the part of some of his opponents, but they were all ultimately vanquished one after another. His last opponent did not relinquish the contest until two o'clock the next morning. o'clock the next morning.
